REGULATIONS
FOR
Lakeport

This is an amended version of the Regulations previously recorded in Record Book 2358 at Page 553 on December 17, 2018 in Richland County

INTRODUCTION

This document, the Regulations for **Lakeport**, defines and extends some of the rights and authority granted to the Developer and to the Association (when empowered by a partial or total transfer of control of authority from the Developer) by the Declaration of Covenants, Conditions, Restrictions, Easements, Charges and Liens for **Lakeport** (Declaration). Further, this document creates additional Regulations for the entire Community, for the use of lots and Common Areas (if any are dedicated) within the Community and for the actions and behavior of all property owners, their family members, guests, invitees, licensees and permittees, while residing in and visiting the Community or while using Common Areas and facilities (if any) within the Community. Additional Restrictions and Regulations are set out in the Declaration.

We encourage you to review this document, to familiarize yourself with the Regulations that are set out here and in the Declaration, as well as the requirements spelled out in the Architectural Guidelines and to embrace the standards established by these three documents as they are intended to help the Association and its homeowners maintain a secure and harmonious environment within the Community.

Capitalized terms used in this document shall have the same meaning as the definitions in the Declaration, as amended, and should there be any conflicts between these Regulations and the Declaration, the Declaration shall control.

SCOPE OF AUTHORITY GRANTED

The scope of the authority granted to the Developer and later to the Association, is set out in the Declaration, which encumbers every Lot, road right-of-way and all Common Areas (if any), as well as in the Association's By-laws. In addition to creating certain specific Restrictions and Regulations, the Declaration authorizes the Developer (and later the Association) to create additional Regulations for the Lots, road right-of-ways and Common Areas. The Developer (and later the Association) is also authorized by the Declaration to amend those Regulations contained in this document and the Architectural Review Guidelines as well as any other Regulations that the Developer or the Association might create and add to these documents from time to time.

To assure compliance with the Declaration and this document, the Declaration and this document make available to the Developer and the Association, remedies to enforce the Declaration and any restrictions or Regulations set out in the Declaration or in this document. Additionally, the Declaration defines the Developer's and the Association's authority to waive or grant variances to specific Regulations.

VARIANCES

The Developer or the Association, When Empowered, shall have the right to, as determined in its sole discretion, waive or grant temporary or permanent variances to any Regulation set out in this document that are not violations of the Declaration. All variances shall be in writing and shall be specific as to the time period for which it is in effect and the action that is to be allowed. **Nothing herein shall be deemed to allow the Board of Directors to grant variances to any law or ordinance or to the ruling or decision of any governmental body having jurisdiction.**

DEVELOPER'S RIGHT TO OVERRIDE

Until one hundred (100%) percent of the Dwellings permitted by the Master Plan have certificates of occupancy issued thereon and have been conveyed to Owners other than builders holding title for purposes of development and sale, the Developer may, in its sole discretion: amend the Regulations of the Association; waive the violation of any Regulation issued by the Association; grant variances to the Regulations of the Association; veto any modification to the Regulations proposed or implemented by the Association; override any attempt by the Association to enforce or implement the Regulations; and require the Association to enforce and implement any provision of the Regulations.

VIOLATIONS: NOTICE, APPEAL AND REMEDIES

NOTICE OF A VIOLATION

Notice of violation of the Declaration and the By-Laws of the Association or of the Regulations of the Association shall be posted on a Lot or written notification from the Developer or the Association shall be sent to the Lot Owner at the address shown in the records of the Association. Notices shall site: the nature of the violation, the corrective actions required, the date of the notice and the deadline for compliance or the time in which the corrective action must be completed and an address for written response from the Lot Owner in violation, if any.

APPEAL/RESPONSE TO NOTICE OF A VIOLATION

Except in the case of an emergency, which shall be denoted on any notice of a violation, or as otherwise provided in these Regulations, the By-laws, or the Declaration, Lot Owners shall have a period of seven (7) days from the date of notice indicated upon the notice of a violation (or such other period as stated in the notice) in which to contest the initial finding of the Developer or the Association with respect to a violation, any corrective actions that it may require, or the time frame allowed by the Developer or the Association for completion of the corrective action. Any request for appeal submitted by an Owner shall be in writing and shall be delivered to the location noted on the notice for response prior to 5:00 PM on the seventh (7th) day or the date stated in the notice of violation.

Upon the appeal of an initial decision of the Developer or the Association by a Lot Owner, the Developer or the Association, When Empowered, shall determine what action by the Lot Owner, if any, is appropriate and warranted and shall notify the lot Owner of its decision providing a timeframe for compliance, if any is required. The decision of the Developer or the Association, When Empowered, shall then be final and may no longer be appealed. Neither the Developer nor the Association, When Empowered, is mandated by an appeal to allow additional time for compliance by a Lot Owner, but may do so it its sole discretion.

If the Lot Owner does not submit a written request for appeal of a decision of the Developer or of the Association, When Empowered, within the seven (7) days (or such other

period set out in the notice) or does not correct the violation within the time specified in the notice, and if the Developer or the Association, When Empowered, determines that Assessments for Non-compliance and/or corrective action are warranted, the Developer or the Association, When Empowered, may take corrective action at the Lot Owner's expense and the Association may levy all appropriate Assessments.

REMEDIES FOR NON-COMPLIANCE

In accordance with the Declaration, the Developer or the Association may levy an Assessment for Non-compliance against the Lot of any Lot Owner who fails to comply with a notice of violation from the Developer or the Association. Though some of the other remedies of the Developer and the Association, When Empowered, are more specifically defined in the Declaration and in the By-laws of the Association, upon notice to any Lot Owner, the Developer or the Association, When Empowered, shall have the right to require that any violation of the Declaration, By-laws, the Architectural Guidelines and these Regulations be corrected within a reasonable time frame provided in that notice and, unless otherwise provided in these documents, to take appropriate action to remedy the violation, including but not limited to any action at law. The cost of that correction, together with the cost of any action such as the cost of any supervision and/or management of these activities taken by the Developer or the Association to insure that this compliance is achieved; any Assessments for Non-Compliance levied by the Association and any collection cost or attorney fees, may then be added by the Association to the Association's continuing lien on that Lot and shall become the personal obligation of the Owner or Co-owner(s) of the Lot.

GENERAL REGULATIONS

PROPERTY MAINTENANCE AND USE

USE OF PROPERTY

Unless otherwise designated in a Supplemental Declaration filed by the Developer for additional phases of the Community, all Lots shall be used for single-family residential purposes only, and no commercial enterprise, business or business activity shall be carried on or upon any Lot at any time, except with the written approval of the Developer or the Association, When Empowered. The term "business" shall be construed to have their ordinary, generally accepted meanings, and shall include, without limitation, any occupation, work or activity undertaken on an ongoing basis which involves the provision of goods or services to persons other than the provider's family and for which the provider receives a fee, compensation, or other form of consideration, regardless of whether: (i) such activity is engaged in full or part-time; (ii) such activity is intended to or does generate a profit; or (iii) a license is required thereof. **The Association shall at all times have the authority to determine in its sole discretion whether or not an activity falls within the parameters of a commercial enterprise, business or business activity and whether or not that activity requires approval by the Association in order to be conducted. It is therefore prudent for a Lot owner to consult the Association prior to commencing any activity that might conceivably be considered by the Association as a commercial enterprise, business or business activity and if approval is required, to**

obtain that approval in writing.

Nothing herein shall prevent the Developer or any builder of homes in the Community approved by Developer from using any Lot owned by Developer or such builder of homes for the purpose of carrying on business related to the development, improvement and sale of property in the Community, including the establishment of one or more model homes; or, to the extent allowed by applicable zoning laws, a private office to be maintained in a dwelling located on any of the Lots, subject to any and all conditions established by the approval granted by the Developer or the Association, When Empowered.

Notwithstanding the above, the leasing of a home on a Lot shall not be considered a trade or business within the meaning of this section. Whether or not it is specifically stated in a lease agreement, the Declaration makes all leases subject to the Declaration, By-Laws, the Regulations and the Architectural Guidelines. In addition, the Declaration requires all tenants and their guests to comply with these documents and makes the Lot Owner responsible for providing the tenant with notice of this fact and the requirements under these documents and for the actions of the tenant and of their guests.

No garage sale, moving sale, rummage sale or similar activity and no trade or business may be conducted in or from any Lot without the approval of the Association, except that an Owner or occupant residing in a Lot may conduct business activities within the Unit so long as: (a) the existence or operation of the business activity is not apparent or detectable by sight, sound or smell from outside the Structures on the Lot; (b) the business activity conforms to all zoning requirements for the Properties and all other applicable laws and regulations; (c) the business activity does not involve persons coming onto the Lot or into the Properties who do not reside on that Lot or in the Properties or door-to-door solicitation of residents of the Properties in any way; and (d) the business activity is consistent with the residential character of the Properties and does not constitute any sort of a nuisance, or create a hazard or offensive use of any type or threaten the security or safety of other residents of the Properties, as may be determined in the sole discretion of the Developer or the Association, When Empowered. No signage, advertising or identifying a commercial enterprise, business, or a business activity (including garage sales) may be displayed on a Lot, from a Structure located on a Lot where it is in any way visible outside of that Structure, within any location abutting a private or public road right-of-way within the Properties or within a public road right-of-way abutting the Properties without the approval of the Developer or the Association, When Empowered.

SIGNAGE:

The Board of Directors may adopt and approve specific signage for the sale and/or rental of homes within the Community. No other signs are permitted for the sale or rental of homes other than the approved signage. Homeowners may contact MJS Inc. (the Association's property management company) via email; architectural@mjsmgt.com or by calling 803-743-0600 to obtain information on the current approved signage.

- Sign is no larger than 24”x24” or maximum of 4 sq. ft.
- The election is scheduled to occur in the next 45 days.
- All signs must be removed within 48 hours after election.

- Only one sign per candidate per lot.
- The sign may not be placed between the sidewalk and the street.
- The sign does not block sidewalk, roadway or intersection visibility.
- Signs promoting issues are not allowed.
- Signs on common areas are not allowed.

LOT OWNER’S RESPONSIBILITY

The Declaration requires that each owner comply with the Regulations. It is the responsibility of each lot/home owner to obtain a copy of these documents, to familiarize themselves with these documents and to require that their family members, guests, invitees, licensees and permittees do so as well. Failure on the part of an owner to acquire or to be provided with a copy of the Declaration, the Architectural Review Guidelines or the Regulations or to review these documents upon receipt does not in any way minimize the rights of the Developer or the Association, When Empowered, to enforce the terms of these documents or relieve an owner of the obligation of that owner, its family, its guests, its invitees, its licensees or permittees of their obligation to comply with these documents or the regulations set out in them.

MAINTENANCE ROAD RIGHT-OF-WAY

As further defined in the Declaration, unless designated as a Common Area or unless the responsibility for maintenance of this area is assumed by the Association as part of the Area of Common Responsibility, each homeowner shall be responsible for the installation (if landscaping acceptable to the Association does not already exist) and continued maintenance of landscaping in any portion of the road right-of-way that exists between the back of the curb (or the actual pavement, where no curbing exists) and their property line. As with all Structures located upon a Lot, including landscaping, the installation of all Structures located within these areas shall be subject to the approval of the Association and the quality of maintenance within these areas shall be subject to the standards established by the Association. All remedies available to the Association for the failure of a Lot Owner to obtain approval for the installation of a Structure or for failure of a Lot Owner to properly maintain a Structure in these areas in accordance with the standards established by the Association, including landscaping, shall be the same as those remedies available to the Association for Lot Owners who fail to properly obtain approval, install and maintain Structures on their Lots.

WINDOW TREATMENTS:

Window treatments and blinds that are viewable from the exterior of a home are to be white or off white in color (or as otherwise set out in the Architectural Guidelines) and must be

kept in good repair at all times.

UNSIGHTLY OR UNKEMPT CONDITIONS:

It shall be the responsibility of each Owner to prevent the development of any unclean, unhealthy, unsightly, or unkempt conditions on their Lot, including the failure to properly install or maintain landscaping. The pursuit of hobbies or other activities, which might tend to cause disorderly, unsightly, or unkempt conditions, shall not be pursued or undertaken on any part of the Properties. No Lot or Structure on a Lot within the Properties shall be used, in whole or in part, for the storage of any property or thing that will in the sole opinion of the Developer or the Association, cause such Lot or Structure to appear to be in an unclean or untidy condition or that will be obnoxious to the eye; nor shall any substance, thing, or material be kept that will emit foul or obnoxious odors or that will cause any noise or other condition that will or might disturb the peace, quiet, safety, comfort, or serenity of the occupants of Community or the surrounding property. As set out in the Declaration, all Lot Owners are responsible for the maintenance of landscaping and the removal of debris from their Lot. In addition, whether addressed in the Declaration or not, all Lot Owners shall be responsible for the maintenance of landscaping in and for the removal of debris from within the road right-of way abutting their lot.

All exterior porches, patios and other Structures of this type as well as other locations on the lot that can be viewed from another Lot or the street are to be kept free and clear of unnecessary debris and clutter. Only outdoor furniture of a type and in a quantity appropriate for use on a Structure of this type shall be used on a permanent basis on these Structures or on the Lot. The authority to determine what type and quantity of furniture is appropriate and what constitutes excessive debris or clutter shall be that of the Developer and of the Association, When Empowered. No appliances shall, at any time, be stored on an exterior porch, patio or other like structure.

NATURAL AREAS:

Natural Areas are portions of a Lot or Common Area, sometimes including the bank of a lake or pond, that are not required to be landscaped or maintained in the same manner as the more finished portions of a Lot or Common Area. As such, these areas may, among other areas, be undeveloped areas or areas on Lots or Common Area that are wooded areas with thicker tree growth than other landscaped areas, areas where normal maintenance is more difficult, wetland areas or, areas that are specifically identified by the Board of Directors, in their sole discretion, to be allowed to appear less manicured than the more finished portions of a Lot or Common Area. The maintenance requirements for such areas may vary from Lot to Lot, from Lot to Common Area or from Common Area to Common Area.

Unless specifically approved otherwise in writing by the Board of Directors, natural areas shall not be allowed to become overgrown, unattended for unacceptable periods of time, unacceptably dense with underbrush or covered by an unsightly amounts of weed growth or debris (such as limbs, trash, dead or significantly diseased trees, shrubs or other plant material). Owners are required, whether or not they are notified to do so by the Association, to routinely remove all limbs and other debris, to remove dead or significantly diseased trees, to kill and cut weeds that exceed a height of six inches 6" and to remove general underbrush that becomes

substantial or noticeable. The dumping of yard debris is specifically prohibited in any natural area, whether in a common area or on homeowner property. Certain types of maintenance may, at the sole determination of the Board of Directors, only apply to a portion of a Lot, especially when the lot is unimproved (has not had a home constructed upon it), or when wetlands regulations and other limitations promulgated by public authorities or other parties prohibit an Owner from taking such actions.

Owners shall also be required to provide for proper erosion control and for the appropriate flow of water from their Lot. Erosion issues and improper runoff may only require moderate rain to occur and the planting of ground cover and the installation or implementation of other erosion control methods, such as the installation of silt fencing, may be required by the Association. Unless otherwise approved in writing by the Board of Directors, however, silt fences shall not be a permanent remedy to control erosion or inappropriate runoff issues and may only, when they are used, be used temporarily.

At all times, the determination as to what constitutes: (a) an acceptable level of maintenance, (b) in some cases, the required frequency of maintenance, (c) unsightly conditions or an acceptable appearance with respect to any such area, (d) improper erosion control or improper runoff from an area, (e) a violation of a standard or of other requirements established by the Board of Directors, or (f) a failure of an Owner to meet such responsibility, the proper remedy therefor and any penalty for such failure or to provide such remedy. Upon notice from the Association that an area does not conform to the requirements of the Board of Directors, whether or not such area is designated on a plat or on an approved landscape plan as a natural area, an Owner shall take all necessary or required actions to bring the area into compliance, including compliance with any deadlines, steps or actions as may be provided in such notice from or as may be determined appropriate by the Board of Directors.

Garage doors are to remain closed at all times when access is not required, with the exception of periods when continued access is required for the completion of a project or activity. In this event, garage doors may not be left open for periods in excess of twelve (12) hours and in no case overnight. The practice of leaving garage doors open for activities and projects for extended periods shall not become frequent, continuous or habitual and the frequency of leaving garage doors open to view from the street shall not constitute a nuisance to other Lot owners in the Community. The determination of what constitutes a nuisance, of what constitutes an acceptable period of time for a garage door to remain open and of what frequency is acceptable shall solely be that of the Developer or the Association.

The size, type and storage location of all garbage containers shall be approved by the Developer or the Association, When Empowered. COMMON AREAS

COMMON AREA USE AND MODIFICATION:

All parcels considered to be Common Area are either owned by the Association or the Developer and, as such, are not and will not be owned by the membership of the Association in general or by any individual Member or group of Members. Consistent with its ownership, the use of any portion of Common Area is controlled by either the Developer or by the Board of Directors of the Association. Therefore, no Common Area or any Improvement thereon may be used or altered in any way, without the express written authorization of the Developer or the Board of Directors of the Association.

The unauthorized use, alteration, modification or amendment of Common Area or any portion thereof by any Member of the Association or by their guests, family members, permittees, invitees or pets is strictly prohibited. However, the Developer and the Association reserves the right, in its sole discretion, to grant specific easements for the use of Common Area or to allow for specific or general uses or limitation of use of portions of Common Area. The creation of a specific or general easement for the use of a Common Area, the authorization for all or a specific portion of the Common Area to be used in a specific manner or the limitation of use of a portion of the Common Area shall in no way affect the use of additional portions of the Common Area nor shall it obligate the Developer or the Board of Director to make similar allowances for or create similar limitations to or easements on any other Common Area or a portion thereof.

The unauthorized use or modification of a Common Area by an Owner, their guest, family members, permittees, invitees or pet(s) shall be deemed a violation of the Regulations and as such, is a violation of the Declaration. As with other violations of the Declaration, an Owner shall be responsible for the actions or for the failure to act of their guests, family members, permittees, invitees or pets. Upon written notice from the Developer or the Association, an Owner shall immediately cease any unauthorized use or modification of a Common Area, shall cause its guest, family members, permittees, invitees or pet(s) to cease any unauthorized use or modification of a Common Area and shall bring any portion of the Common Area so modified or

improperly used by that Owner, their family members, permittees, invitees or pets to a condition: a) that is comparable to its condition prior to such use or modification, b) that is satisfactory to the Developer or the Association, where the resulting condition is less than or different from the original condition of that Common Area prior to its use or modification and/or c) that is compliant with the provisions of any statute or requirement issued by any governmental authority having jurisdiction over such matters.

The Developer or the Association shall at all times have at their disposal: a) all legal remedies under the Law and b) all remedies set out in the Declaration to cause the non-compliant Owner, its guests, family members, invitees or pets to cease any activity that is unauthorized or that, at the sole determination of the Developer or the Board of Directors, falls outside of the limitations set out for the use or modification of a specific Common Area. These remedies shall also be available to cause a non-compliant Owner to bring that improperly used or modified Common Area back to a condition that, in the sole opinion of the Developer or the Board of Directors of the Association complies with the paragraph above. Any cost incurred by the Developer or the Association to remedy a violation of this Regulation or to restore any portion of the Common Area to a condition compliant with the above standards, including collection cost and attorney fees, shall immediately become the cost of the lot Owner or Owners responsible for the violation and a part of the Association's lien on their lot(s).

ANY USE OF THE DOCK OR FACILITY THAT PREVENTS OTHER MEMBERS OF THE ASSOCIATION FROM USING THE FACILITY FOR THESE PURPOSES IS PROHIBITED. ACCORDINGLY, BOATS ARE ONLY TO BE MOORED AT THE FACILITY DURING NORMAL OPERATING HOURS AND THEN ONLY FOR PERIODS OF SIXTY (60) MINUTES OR LESS. THE MOORING OF A WATERCRAFT FOR PERIODS OF MORE THAN SIXTY (60) MINUTES OR IN A MANNER THAT PREVENTS OTHERS FROM PICKING UP OR DROPPING OFF PASSENGERS IS STRICTLY PROHIBITED. OVERNIGHT MOORING IS ALSO PROHIBITED.

Anyone under the age of sixteen (16) must be accompanied by a Member, a tenant or the family member of either, who is least eighteen (18) years old.

NORMAL USE OF THE DOCK AND RESPONSIBILITY OF MEMBER FOR THEIR TENANTS FAMILY MEMBERS AND GUESTS. No Member, tenant or the family members or guests of either may use the docks in any manner that creates a nuisance to others, including adjacent property owners, or that would prevent or impede the proper use of the facility by any other authorized member, tenant or the

family members or guests of either. Members who authorize their family members, tenants or the guest of either to use the dock or to use watercraft near the dock shall at all times bear full responsibility for the actions of such family members, tenants and guests. The Association may levy an Assessment for Non-Compliance in an amount that it deems appropriate against the Lot of a Member for any disregard of or infraction of these Regulations by that Member or by that Member's tenant or the family members or guests of either. The use rights for the facility may also be suspended or revoked for such an infraction. **NORMAL HOURS OF OPERATION FOR THE DOCK FACILITY (DELIVERY AND RETRIEVAL OF PASSENGERS AND THE SHORT-TERM MORRING OF WATERCRAFT FOR SIXTY MINUTES OR LESS IN A MANNER THAT ALLOWS OTHERS THE USE OF THE FACILITY) are 8:00 AM to 9:00 PM.** While pick up from the dock may occur outside of these hours, excessive noise (that can be heard outside of the facility boundaries) may not be created by any party or watercraft. Whether prohibited by any governmental authority having jurisdiction over such matters or not, the operation of any watercraft above near idle speed and or in a manner that creates wake that causes wave action against the docks greater than that allowed in a posted "NO WAKE" zone is strictly prohibited. Members who use the dock or who use watercraft near the dock (or who authorize their family members, guests or tenants to use the dock or to use watercraft near the dock) shall at all times bear responsibility for the actions of such family members, guests or tenants.

Each owner of a watercraft is required to provide their own insurance against all loss or casualties and the injury of their guests while on the dock or their watercraft. The Association provides liability coverage and property and casualty coverage for the facility only, not for your watercraft or your personal possessions while at the facility. Neither the Association, the Developer or any Management Company assumes any responsibility or liability for loss or damage of any kind to the watercraft or possessions of any user of the facility or their guests, including, but not limited to, weather, fire or theft, or for personal injury of the guests of a Member while on their watercraft.

REPAIR OF DOCK AND PROPER CLEAN UP The Association shall assume responsibility for the normal maintenance of the facility, other than damage or deterioration that results from the improper or careless use of the facility by a Member, their family member, tenant or the guest of either. A Member is responsible for policing the area around the dock during and after use and for removing all items that they brought to the facility, including trash, prior to their departure from the facility. A Member is responsible for making certain that at all times their watercraft is properly secured at the dock in a manner that does not allow it to impact the dock under normal conditions or in times of rough water. It is the responsibility of a Member to regularly inspect their watercraft and to make certain that it remains properly secured to the dock. A Member is directly responsible for any damage to the dock or to any other portion of the facility that may be caused by their use of the facility, but more specifically by the improper use of the

facility by their family members, tenants or the guests of either. A Member is required to report any damage to the facility (whether caused by them or not) and any normal deterioration to the dock or problems in the dock area that they observe (that may be the responsibility of the Association) to MJS Inc., the management company (803) 743-0600.
